

ICAS decade short forms

with AAT ICAS, short form encoding of year can be both alphanumerically and chronologically sortable for up to 200 years.

to ensure clarity of an AAT ICAS short form encoding of a year, be sure to reference a long form representation of a year. (for example, note '2015' before noting 'd5')

initials for ICAS decade short forms from a forthcoming update of the clipboardICAS app will guide a future revision of AAT ICAS 3110 .
